

Updated: March 31, 2022

Here is a complete list of known TESLA voice commands, invoked by pressing the right-hand scroll-button on the steering wheel. If you have suggestions for more commands, DM Dan Goese at https://twitter.com/dan_goese or <https://www.instagram.com/dan.goese/> so I can update this list. 🎧 Keep the list on your phone from here: <https://teslavoice.glideapp.io/>

Before you Drive:

- Adjust Mirrors
- Adjust Steering Wheel
- Lock Doors
- Close charge port
- Turn on seat heaters (or driver's side heated seat)
- Turn on heated steering wheel (some models)
- Show me the tire pressure
- Open the glovebox
- Open Trunk
- Close Trunk
- Wipers on / wipers off
- Fold Mirrors

Temperature:

- Set temperature to ____ (then say the temperature you want.)
- Make it cooler
- Make it hotter
- I'm cold/hot
- Turn on heated steering wheels
- Turn on heated seats (or driver's side heated seat)
- Turn on Window heaters
- My feet are cold

Web Browsing/App:

- Open browser (you can then search for any site you like.)
- Go to 'Website' (for example say go to bbc.co.uk)
- Search Google for ____ (restaurants, reviews etc.)
- Open Easter Eggs (for Whoopee Cushion, Rainbow Road etc.)
- Open 'apps'
- Open Netflix
- Open Radio Paradise

Music:

- Play Hiphop Music (or any other genre)
- Play songs by ____ (your fav artist.)
- Play ____ (say your fav album)
- Turn music down (or up)
- Mute Music
- Play BBC Radio One (or your station of choice)

Calls / Messages:

- Open phone
- Open favorites
- Call ____ (then say name)
- Text ____ (then say name)

Navigation:

- Display Superchargers
- Navigate to ____ (address or name of your destination, if a known entity)
- Drive to ____
- Where is the nearest parking garage (or shop)
- Take me to nearest Starbucks (or vegetarian restaurant, or whatever)

Other/Misc:

- Open owner's manual
- Bug Report
- Increase screen brightness

Jokes:

- ho, ho, ho
- enable life support
